## INTRODUCTION.

---

The City has annually since 1821 issued a volume containing, until 1829, a register of the City Council and a list of the officers. In 1829 the City Charter, in 1830 the Acts relating to Boston and the ordinances, and in 1832 an index, were added. The volume for 1822 contains fifteen pages, and for 1840 eighty-five pages, and three pages of index. The volumes up to and including 1840 bear the title of The Rules and Orders of the Common Council and since that year the title of THE MUNICIPAL REGISTER. THE MUNICIPAL REGISTER for 1841 contains the Rules and Orders of the Common Council, joint rules, ordinances of the City, statutes of the Commonwealth relating to the City, a list of the public schools, the City Government of 1841, the committees and departments (consisting at that time of the treasury, law, police, health, public land and buildings, lamps and bridges, fire, and public charitable institutions), and a list of the ward officers; from 1842 to 1864 it also contains a list of the members of preceding City Governments, a necrological record of those members, the latest ordinances and the special statutes relating to the City; in 1851 a list of the annual orators was added, and in 1853 a map of the City and the Rules of the Board of Aldermen were inserted; in 1876 statistics of registration and voting were included, and, since 1879, in tabulated form; in 1883 portraits of the Mayor and presiding officers of the two branches of the City Council were included, and in 1888 a list of the members of the past City Governments of Roxbury and Charlestown was added and continued to 1890. From 1889 to 1896, inclusive, THE MUNICIPAL REGISTER contained a compilation of the Charter and Acts subsequently passed, in the place of which an index of the same appeared in 1897. The Amended Charter of 1909 was added in 1910, while the alphabetical list of Aldermen and Councilmen since 1822 was dropped.

By the direction of the Committee on Rules THE MUNICIPAL REGISTER of 1918 has been compiled by the Statistics Department.

## ORIGIN AND GROWTH OF BOSTON.

---

THE Royal Patent incorporating the Governor and Company of Massachusetts Bay in New England passed the seals March \*4, 1628-29. At a General Court, or Meeting of the Company, on August \*29 of that year it was voted "that the Government and patent should be settled in New England." To that end Governor Winthrop led the Puritan Exodus in 1630. Soon after his arrival at Salem on June \*12, 1630, he proceeded with a large following to Charlestown, where a plantation had been established the summer before. The Assistants held three Courts at Charlestown in the interval, August \*23 to September \*28, inclusive. At their meeting on September \*7, they "ordered that Trimountaine shalbe called Boston; Mattapan, Dorchester; and the towne upon Charles River, Waterton." Thus Shawmut of the Indians was named Boston, probably out of gratitude to the Merchants of Boston in Lincolnshire, who had subscribed generously to the stock of the Company.

In the course of the summer, Governor Winthrop with the patent chose Boston as his abiding place. The first "Court" held in Boston was a "General Court" on October \*19, "for establishing of the government." On October \*3, 1632, Boston was formally declared to be "the fittest place for publique meetings of any place in the Bay."

Boston was the first town in Massachusetts to become a city. It was incorporated February 23, 1822, by St. 1821, c. 110, adopted March 4, 1822. This act was revised by St. 1854, c. 448, commonly called the City Charter, adopted November 13, 1854.

The neck of land called Boston, still called Boston Proper, contained perhaps 700 acres of land, judging from the 783 acres shown by the official survey of 1794. In the interval 1630-37, Boston acquired jurisdiction over most of the territory now included in Chelsea, Winthrop, Revere, East Boston, Brookline, Quincy, Braintree, Randolph and Holbrook, besides certain islands in the harbor. From 1637 till May 13, 1640,

when "Mount Woollaston" was set off as Braintree, Boston exercised jurisdiction over a territory of at least 40,000 acres. Within its present limits there are 30,598 acres, including flats and water.

Since 1640, grants of land have been made to Boston by the General Court as follows: (1) October \*16, 1660, 1,000 acres "for the use of a free schoole, layd out in the wilderness or North of the Merimake River" (in Haverhill), in 1664. (2) June \*27, 1735, in abatement of Province Tax, three townships, each six miles square, or 69,120 acres in all. These townships later became the Towns of Charlemont, Colrain, and Pittsfield. Boston sold its interest in them on June \*30, 1737, for £3,660. (3) June 26, 1794, a township of land in Maine (23,040 acres) "to build a public hospital." This tract was sold by the City April 6, 1833, for \$4,200.

Muddy River was set off as the Town of Brookline on November \*13, 1705, and Rumney Marsh was set off as the Town of Chelsea January \*8, 1739.

The principal annexations of territory included within the present limits of the City of Boston have been made as follows:

(1) Noddle's Island, by order of Court of Assistants, March \*9, 1636-37. (2) South Boston set off from Dorchester March 6, 1804, by St. 1803, c. 111. (3) Washington Village set off from Dorchester May 21, 1855, by St. 1855, c. 468. (4) Roxbury January 6, 1868, by St. 1867, c. 359, accepted September 9, 1867. Roxbury received its name by order of the Court of Assistants October \*8, 1630. It was incorporated a City March 12, 1846, by St. 1846, c. 95, accepted March 25, 1846. (5) Dorchester January 3, 1870, by St. 1869, c. 349, accepted June 22, 1869. It received its name September \*7, 1630, by order of the Court of Assistants. (6) Brighton January 5, 1874, by St. 1873, c. 303, accepted October 7, 1873. Set off from Cambridge as the Town of Brighton February 24, 1807, by St. 1806, c. 65. (7) Charlestown January 5, 1874, by St. 1873, c. 286, accepted October 7, 1873. Settled July \*4, 1629. It was incorporated a City February 22, 1847, by St. 1847, c. 29, accepted March 10, 1847. (8) West Roxbury January 5, 1874, by St. 1873, c. 314, accepted October 7, 1873. It was set off from Roxbury and incorporated a Town May 24, 1851, by St. 1851, c. 250. (9) Hyde Park January 1, 1912, by St. 1911, c. 469, and 583, accepted November 7, 1911. Incorporated a Town April 22, 1868.

### THE CITY SEAL

As it appeared prior to 1827.

The City Seal was adopted by "An Ordinance to Establish the City Seal," passed January 2, 1823, which provides "That the design hereto annexed, as sketched by John R. Penniman, giving a view of the City, be the device of the City Seal; that the motto be as follows, to wit: 'Sicut patribus sit Deus nobis'; and that the inscription be as follows:—'Bostonia condita, A.D. 1630. Civitatis regimine donata, A.D. 1822.'" The motto is taken from 1 Kings, viii., 57.

The seal as it then appeared is shown above.

The seal as it was afterwards changed, and has ever since continued to be used, first appeared on page 221 of the volume of laws and ordinances, commonly known as the "First Revision," published in 1827, and is continued as the City Seal at the present time by Revised Ordinances of 1914, Chapter 1, Section 5, which provides that "The seal of the City shall be circular in form; shall bear a view of the City; the motto 'SICUT PATRIBUS SIT DEUS NOBIS,' and the inscription, 'BOSTONIA CONDITA, A.D. 1630. CIVITATIS REGIMINE DONATA, A.D. 1822,' as herewith set forth."

The seal as changed in 1827, and as it has ever since appeared, is shown on the second page.

## RULES OF THE CITY COUNCIL.\*

---

### DAY OF MEETING.

RULE 1. Unless otherwise ordered from time to time the regular meeting of the city council shall be held on every Monday at two o'clock p. m.\* Special meetings may be called by the president at his discretion, and by the city clerk for the purpose only of drawing jurors.

### PRESIDENT.

RULE 2. The president of the council shall take the chair at the hour to which the council shall have adjourned and shall call the members to order, and, a quorum being present, shall proceed with the regular order of business. In the absence of the president the senior member by age present shall preside as temporary president or until a presiding officer is chosen.

RULE 3. The president shall preserve decorum and order, may speak to points of order in preference to other members, and shall decide all questions of order, subject to an appeal. Any member may appeal from the decision of the chair, and, when properly seconded, no other business, except a motion to adjourn or to lay on the table, shall be in order until the question on appeal has been decided. The question shall be put as follows:

*"Shall the decision of the chair stand as the judgment of the council?"*  
The vote shall be by a roll call, and it shall be decided in the affirmative unless a majority of the votes are to the contrary.

RULE 4. The president shall propound all motions in the order in which they are moved, unless the subsequent motion shall be previous in its nature, except that, in naming sums and fixing times, the largest sum and the longest time shall be put first.

RULE 5. The president shall, at the request of any member, make a division of a question when the sense will admit.

RULE 6. The president shall, without debate, decide all questions relating to priority of business to be acted upon.

RULE 7. The president shall declare all votes; but if any member doubts a vote, the president shall cause a rising vote to be taken, and, when any member so requests, shall cause the vote to be taken or verified by yeas and nays.

RULE 8. The president shall appoint all committees, fill all vacancies therein, and designate the rank of the members thereof.

---

\* At the first meeting of the City Council on February 4, 1918, the rules of the City Council of 1917 were adopted as the rules of the City Council of 1918.

RULE 9. When the president of the council or the president *pro tempore* shall desire to vacate the chair he may call any member to it; but such substitution shall not continue beyond an adjournment.

#### MOTIONS.

RULE 10. Every motion shall be reduced to writing if the president shall so direct.

RULE 11. A motion to strike out and insert shall be deemed indivisible; but a motion to strike out being lost shall not preclude amendment, or a motion to strike out and insert.

RULE 12. No motion or proposition of a subject different from that under consideration shall be admitted under color of amendment.

RULE 13. When an order or resolution relates to a subject which may properly be examined and reported upon by an existing committee of the city council, such order or resolution shall, upon presentation, be referred to such committee. When a motion is made to refer any subject, and different committees are proposed, the motion shall be put in the following order:

1. To a standing committee of the council.
2. To a special committee of the council.

Any member offering a motion, order or resolution, which is referred to a committee, shall be given a hearing on the same by the committee before a report is made thereon, provided he so requests at the time of offering the order or before final action by the committee.

RULE 14. After a motion has been put by the president it shall not be withdrawn except by unanimous consent.

RULE 15. When a question is under debate the following motions only shall be entertained, and shall have precedence in the order in which they stand arranged:

1. To adjourn.
2. To lay on the table.
3. The previous question.
4. To close debate at a specified time.
5. To postpone to a day certain.
6. To commit.
7. To amend.
8. To postpone indefinitely.

RULE 16. A motion to adjourn shall be in order at any time, except on an immediate repetition, or pending a verification of a vote; and that motion, the motion to lay on the table, the motion to take from the table, and the motion for the previous question, shall be decided without debate.

## READINGS.

RULE 17. Every ordinance, order and resolution shall, unless rejected, have two several readings, both of which may take place at the same session, unless objection is made; *provided, however*, that all orders for the expenditure of money presented to, or reported upon by a committee of, the council, shall lie over for one week before final action thereon. Whenever the second reading immediately follows the first reading, the document may be read by its title only; *provided*, that all orders releasing rights or easements in or restrictions on land, all orders for the sale of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two-thirds of all the members of the city council, and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first.

## RECONSIDERATION.

RULE 18. When a vote has been passed, any member may move a reconsideration thereof at the same meeting, or he may give notice to the clerk, within twenty-four hours of the adjournment of any meeting except the final meeting, of his intention to move a reconsideration at the next regular meeting; in which case the clerk shall retain possession of the papers until the next regular meeting. No member shall speak for more than ten minutes on a motion to reconsider.

RULE 19. When a motion to reconsider has been decided, that decision shall not be reconsidered, and no question shall be twice reconsidered unless it has been amended after the reconsideration; nor shall any reconsideration be had upon the following motions:

- To adjourn.
- The previous question.
- To lay on the table.
- To take from the table.
- To close debate at a specified time.

A motion to reconsider may be laid on the table or postponed indefinitely, and the effect of such action in either case shall be to defeat the motion to reconsider.

## CONDUCT OF MEMBERS.

RULE 20. Every member when about to speak shall rise, address the chair, and wait until he is recognized, and in speaking shall refrain from mentioning any other member by name, shall confine himself to the question and avoid personalities. Any member who, in debate or otherwise, indulges in personalities or makes charges reflecting upon the character of another member shall make an apology in open session at the meeting when the offence is committed or at the next succeeding regular

meeting, and, failing to do so, shall be named by the president, or held in contempt and suspended from further participation in debate until said apology is made.

RULE 21. No member shall speak more than once on a question when another member who has not spoken claims the floor, and no member speaking shall, without his consent, be interrupted by another, except upon a point of order.

RULE 22. No member shall be permitted to vote on any question, or serve on any committee, where his private right is immediately concerned, distinct from the public interest.

RULE 23. Every member who shall be present when a question is put, where he is not excluded by interest, shall give his vote, unless the council for special reason shall excuse him. Application to be so excused on any question must be made before the council is divided, or before the calling of the yeas and nays; and such application shall be accompanied by a brief statement of the reasons, and shall be decided without debate.

#### STANDING COMMITTEES.

## AMENDED CITY CHARTER OF 1909.

[With footnotes as to Amendments in 1910, 1914 and 1918.]

---

THE MAYOR AND CITY COUNCIL.

SECTION 1. The terms of office of the mayor and the members of both branches of the present city council of the city of Boston and of the street commissioner whose term would expire on the first Monday of January, nineteen hundred and ten, are hereby extended to ten o'clock A.M. on the first Monday of February, nineteen hundred and ten, and at that time the said city council and both branches thereof and the positions of city messenger, clerk of the common council, clerk of committees, assistant clerk of committees, and their subordinates shall be abolished. The officials whose terms of office are hereby extended shall, for the extended term, receive a compensation equal to one-twelfth of the annual salaries now paid to them respectively. The mayor and city council elected in accordance with the provisions of this act, and their successors, shall thereafter have all the powers and privileges conferred, and be subject to all the duties and obligations imposed by law upon the city council or the board of aldermen, acting as such or as county commissioners or in any capacity, except as herein otherwise provided. Wherever in this act the phrase "mayor and city council" appears, it shall be understood as meaning the mayor and city council acting on and after the first Monday of February, nineteen hundred and ten, under the provisions of this and the three following sections. The city council may, subject to the approval of the mayor, from time to time establish such offices, other than that of city clerk, as it may deem necessary for the conduct of its affairs and at such salaries as it may determine, and abolish such offices or alter such salaries; and without such approval may fill the offices thus established and remove the incumbents at pleasure.

SECT. 2. The mayor from time to time may make to the city council in the form of an ordinance or loan order filed with the city clerk such recommendations other than for school purposes as he may deem to be for the welfare of the city. The city council shall consider each ordinance or loan order presented by the mayor and shall either adopt or reject the same within sixty days after the date when it is filed as aforesaid. If the said ordinance or loan order is not rejected within said sixty days it shall be in force as if adopted by the city council unless previously withdrawn by the mayor. Nothing herein shall prevent the mayor from again

---

NOTE.—The Amended City Charter is contained in Chap. 486, Acts of 1909, consisting of sixty-three sections. We have omitted §§ 35 to 44, inclusive, as these concern the alternative amendments which became inoperative on the adoption of Plan 2 by the voters at the State election, November 2, 1909.

presenting an ordinance or loan order which has been rejected or withdrawn. The city council may originate an ordinance or loan order and may reduce or reject any item in any loan and, subject to the approval of the mayor, may amend an ordinance. All sales of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two thirds of all the members of the city council; and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first. No amendment increasing the amount of land to be sold or the amount to be paid for the purchase of land, or the amount of loans, or altering the disposition of purchase money or of the proceeds of loans shall be made at the time of the second reading and vote.

SECT. 3. All appropriations, other than for school purposes, to be met from taxes, revenue, or any source other than loans shall originate with the mayor, who within thirty days after the beginning of the fiscal year shall submit to the city council the annual budget of the current expenses of the city and county, and may submit thereafter supplementary budgets until such time as the tax rate for the year shall have been fixed. The city council may reduce or reject any item, but without the approval of the mayor shall not increase any item in, nor the total of a budget, nor add any item thereto, nor shall it originate a budget. It shall be the duty of the city and county officials, when requested by the mayor, to submit forthwith in such detail as he may require estimates for the next fiscal year of the expenditures of the department or office under their charge, which estimates shall be transmitted to the city council.

The city auditor may, with the approval in each instance of the mayor, at any time make transfers from the appropriation for current expenses of one division of a department to the appropriation for current expenses of any other division of the same department, and from the reserve fund to any appropriation for the current expenses of a department; and may also, with the approval of the mayor, at any time between December first and February first, make transfers from any appropriation to any other appropriation: *provided, however*, that no money raised by loan shall be transferred to any appropriation from income or taxes. He may also with such approval apply any of the income and taxes not disposed of in closing the accounts for the financial year in such manner as he may determine.

SECT. 4. Every appropriation, ordinance, order, resolution and vote of the city council, except votes relating to its own internal affairs, shall be presented to the mayor, who shall make or cause to be made a written record of the time and place of presentation, and it shall be in force if he approves the same within fifteen days after it shall have been presented to him, or if the same is not returned by him with his objections thereto in writing within said period of fifteen days. If within said period said appropriation, ordinance, order, resolution, or vote is returned by the

mayor to the city council by filing the same with the city clerk with his objections thereto the same shall be void. If the same involves the expenditure of money, the mayor may approve some of the items in whole or in part and disapprove other of the items in whole or in part; and such items or parts of items as he approves shall be in force, and such items or parts of items as he disapproves shall be void.

SECT. 5. Except as otherwise provided in this act, the organization, powers, and duties of the executive departments of the city shall remain as constituted at the time when this section takes effect; but the mayor and city council at any time may by ordinance reorganize, consolidate, or abolish departments in whole or in part; transfer the duties, powers, and appropriations of one department to another in whole or in part; and establish new departments; and may increase, reduce, establish or abolish salaries of heads of departments, or members of boards. Nothing in this act shall authorize the abolition or the taking away of any of the powers or duties as established by law of the assessing department, building department, board of appeal, children's institutions department, election department, fire department, Franklin Foundation, hospital department, library department, overseers of the poor, schoolhouse department, school committee, or any department in charge of an official or officials appointed by the governor, nor the abolition of the health department.

SECT. 6. No contract for lighting the public streets, parks, or alleys, or for the collection, removal, or disposal of refuse, extending over a period of more than one year from the date thereof, shall be valid without the approval of the mayor and the city council after a public hearing held by the city council, of which at least seven days' notice shall have been given in the *City Record*.

SECT. 7. The city council at any time may request from the mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending shall not be obliged to answer questions relating to any other matter. The mayor at any time may attend and address the city council in person or through the head of a department, or a member of a board, upon such subject as he may desire.

SECT. 8. Neither the city council, nor any member or committee, officer, or employee thereof shall, except as otherwise provided in this act, directly or indirectly on behalf of the city or of the county of Suffolk take part in the employment of labor, the making of contracts, the purchase of materials, supplies or real estate; nor in the construction, alteration, or repair of any public works, buildings, or other property; nor in the care, custody, and management of the same; nor in the

conduct of the executive or administrative business of the city or county; nor in the appointment or removal of any municipal or county employee; nor in the expenditure of public money except such as may be necessary for the contingent and incidental expenses of the city council. The provisions of this section shall not affect the powers or duties of the city council as the successor of the present board of aldermen relative to state or military aid and soldiers' relief.

It shall be unlawful for the mayor or for a member of the city council or for any officer or employee of the city or of the county of Suffolk or for a member of the finance commission directly or indirectly to make a contract with the city or with the county of Suffolk, or to receive any commission, discount, bonus, gift, contribution or reward from or any share in the profits of any person or corporation making or performing such contract, unless such mayor, member of the city council, officer, or employee or member of the finance commission immediately upon learning of the existence of such contract or that such contract is proposed, shall notify in writing the mayor, city council, and finance commission of such contract and of the nature of his interest in such contract and shall abstain from doing any official act on behalf of the city in reference thereto. In case of such interest on the part of an officer whose duty it is to make such contract on behalf of the city, the contract may be made by any other officer of the city duly authorized thereto by the mayor, or if the mayor has such interest by the city clerk: *provided, however*, that when a contractor with the city or county is a corporation or voluntary association, the ownership of less than five per cent of the stock or shares actually issued shall not be considered as being an interest in the contract within the meaning of this act, and such ownership shall not affect the validity of the contract, unless the owner of such stock or shares is also an officer or agent of the corporation or association, or solicits or takes part in the making of the contract.

A violation of any provision of this section shall render the contract in respect to which such violation occurs voidable at the option of the city or county. Any person violating the provisions of this section shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than one year, or both. Chapter five hundred and twenty-two of the acts of the year nineteen hundred and eight is hereby repealed.

#### THE EXECUTIVE DEPARTMENT.

SECT. 9. All heads of departments and members of municipal boards, including the board of street commissioners, as their present terms of office expire (but excluding the school committee and those officials by law appointed by the governor), shall be appointed by the mayor without confirmation by the city council. They shall be recognized experts in such work as may devolve upon the incumbents of said offices, or persons specially fitted by education, training or experience to perform

the same, and (except the election commissioners, who shall remain subject to the provisions of existing laws) shall be appointed without regard to party affiliation or to residence at the time of appointment except as hereinafter provided.

SECT. 19. In making such appointments the mayor shall sign a certificate in the following form:

Or in the following form, as the case may be:

CERTIFICATE OF APPOINTMENT.

I appoint (Name of Appointee) to the position of (Name of Office) and I certify that in my opinion he is a person specially fitted by education, training, or experience to perform the duties of said office, and that I make the appointment solely in the interest of the city. Mayor.

The certificate shall be filed with the city clerk, who shall thereupon forward a certified copy to the civil service commission. The commission shall immediately make a careful inquiry into the qualifications of the nominee under such rules as they may, with the consent of the governor and council, establish, and, if they conclude that he is a competent person with the requisite qualifications, they shall file with the city clerk a certificate signed by at least a majority of the commission that they have made a careful inquiry into the qualifications of the appointee, and that in their opinion he is a recognized expert, or that he is qualified by education, training or experience for said office, as the case may be, and that they approve the appointment. Upon the filing of this certificate the appointment shall become operative, subject however to all provisions of law or ordinance in regard to acceptance of office, oath of office, and the filing of bonds. If the commission does not within thirty days after the receipt of such notice file said certificate with the city clerk the appointment shall be void.

SECT. 11. The civil service commission is authorized to incur in carrying out the foregoing provisions such reasonable expense as may be approved by the governor and council; the same to be paid by the commonwealth, which upon demand shall be reimbursed by the city of Boston.

SECT. 12. A vacancy in any office to which the provisions of section nine of this act apply, shall be filled by the mayor under the provisions of said section and pending a permanent appointment he shall designate some other head of a department or member of a board to discharge the duties of the office temporarily.

SECT. 13. Members of boards shall be appointed for the terms established by law or by ordinance. Heads of departments shall be appointed

for terms of four years beginning with the first day of May of the year in which they are appointed and shall continue thereafter to hold office during the pleasure of the mayor.

SECT. 14. The mayor may remove any head of a department or member of a board (other than the election commissioners, who shall remain subject to the provisions of existing laws) by filing a written statement with the city clerk setting forth in detail the specific reasons for such removal, a copy of which shall be delivered or mailed to the person thus removed, who may make a reply in writing, which, if he desires, may be filed with the city clerk; but such reply shall not affect the action taken unless the mayor so determines. The provisions of this section shall not apply to the school committee or to any official by law appointed by the governor.

SECT. 15. The positions of assistants and secretary authorized by section twenty of chapter four hundred and forty-nine of the acts of the year eighteen hundred and ninety-five except those in the election department are hereby abolished, and except as aforesaid the said section is hereby repealed.

The civil service laws shall not apply to the appointment of the mayor's secretaries, nor of the stenographers, clerks, telephone operators and messengers connected with his office, and the mayor may remove such appointees without a hearing and without making a statement of the cause for their removal.

SECT. 16. No official of said city, except in case of extreme emergency involving the health or safety of the people or their property, shall expend intentionally in any fiscal year any sum in excess of the appropriations duly made in accordance with law, nor involve the city in any contract for the future payment of money in excess of such appropriation, except as provided in section six of this act. Any official who shall violate the provisions of this section shall be punished by imprisonment for not more than one year, or by a fine of not more than one thousand dollars, or both.

#### THE FINANCE COMMISSION.

SECT. 17. Within sixty days after the passage of this act the governor with the advice and consent of the council shall appoint a finance commission to consist of five persons, inhabitants of and qualified voters in the city of Boston, who shall have been such for at least three years prior to the date of their appointment, one for the term of five years, one for four years, one for three years, one for two years, and one for one year, and thereafter as the terms of office expire in each year one member for a term of five years. Vacancies in the commission shall be filled for the unexpired term by the governor with the advice and consent of the council. The members of said commission may be removed by the governor with the advice and consent of the council for such cause as he shall deem sufficient. The chairman shall be designated by the

governor. His annual salary shall be five thousand dollars, which shall be paid in monthly instalments by the city of Boston. The other members shall serve without pay.

SECT. 18. It shall be the duty of the finance commission from time to time to investigate any and all matters relating to appropriations, loans, expenditures, accounts, and methods of administration affecting the city of Boston or the county of Suffolk, or any department thereof, that may appear to the commission to require investigation, and to report thereon from time to time to the mayor, the city council, the governor, or the general court. The commission shall make an annual report in January of each year to the general court.

SECT. 19. Whenever any pay roll, bill, or other claim against the city is presented to the mayor, city auditor, or the city treasurer, he shall, if the same seems to him to be of doubtful validity, excessive in amount, or otherwise contrary to the city's interest, refer it to the finance commission, which shall immediately investigate the facts and report thereon; and pending said report payment shall be withheld.

SECT. 20. The said commission is authorized to employ such experts, counsel, and other assistants, and to incur such other expenses as it may deem necessary, and the same shall be paid by said city upon requisition by the commission, not exceeding in the aggregate in any year the sum of twenty-five thousand dollars, or such additional sums as may be appropriated for the purpose by the city council, and approved by the mayor. A sum sufficient to cover the salary of the chairman of the commission and the further sum of at least twenty-five thousand dollars to meet the expenses as aforesaid shall be appropriated each year by said city. The commission shall have the same right to incur expenses in anticipation of its appropriation as if it were a regular department of said city.

SECT. 21. For the purpose of enabling the said commission to perform the duties and carry out the objects herein contemplated, and to enable the mayor, the city council, the governor or the general court to receive the reports and findings of said commission as a basis for such laws, ordinances, or administrative orders as may be deemed meet, the commission shall have all the powers and duties enumerated in chapter five hundred and sixty-two of the acts of the year nineteen hundred and eight and therein conferred upon the commission designated in said act; but counsel for any witness at any public hearing may ask him any pertinent question and may offer pertinent evidence through other witnesses subject to cross-examination by the commission and its counsel.

#### THE CITY CLERK.

SECT. 22. The present city clerk shall hold office for the term for which he has been elected, and thereafter until his successor is chosen and qualified. In the year nineteen hundred and eleven, and every third year thereafter, a city clerk shall be elected by a majority of the members of

the city council, to hold office until the first Monday in February in the third year following his election, and thereafter until his successor has been duly chosen and qualified, unless sooner removed by due process of law. The city clerk shall act as clerk of the city council established by this act.

#### THE CITY AUDITOR.

SECT. 23. All accounts rendered to or kept in the departments of the city of Boston or county of Suffolk shall be subject to the inspection and revision of the city auditor, and shall be rendered and kept in such form as he shall prescribe. The auditor may require any person presenting for settlement an account or claim against the city or county to make oath before him in such form as he may prescribe as to the accuracy of such account or claim. The wilful making of a false oath shall be perjury and punishable as such. The auditor may disallow and refuse to pay, in whole or in part, any claim on the ground that it is fraudulent or unlawful and in that case he shall file a written statement of his reasons for the refusal.

SECT. 24. Whenever, in response to an advertisement by any officer or board of the city or county, a bid for a contract to do work or furnish materials is sent or delivered to said officer or board, a duplicate of the same shall be furnished by the bidder to the auditor, to be kept by him and not opened until after the original bids are opened. After the original bids are opened, the auditor shall open and examine the bids submitted to him, and shall compare the same with the original bids. In case any of the bids submitted to the auditor differ from the corresponding original bids, those submitted to the auditor shall be treated as the original bids. The contract shall not be awarded until after both sets of bids are opened.

SECT. 25. The auditor shall furnish monthly to each head of department a statement of the unexpended balance of the appropriation for that department, and he shall furnish to the mayor and city council a statement of the unexpended balances of all the departments. He shall furnish quarterly to the city council an itemized statement showing the amount of money expended by the mayor and the city council for contingent expenses.

\* Sect. 26 amended by Chap. 437, Acts of 1910, which exempts all loans issued for rapid transit construction from the prohibition as to sinking funds.

Such lists shall give the names, residence by street and ward, designation, compensation, and date of election or appointment of each of said officials and employees and the date when each first entered the employ of the city or county. Such advertisement shall state the time and place for opening the proposals in answer to said advertisement, and shall reserve the right to the officer or board to reject any or all proposals. No authority to dispense with advertising shall be given by the mayor unless the said officer or board furnishes him with a signed statement which shall be published in the *City Record* giving in detail the reasons for not inviting bids by advertisement.

SECT. 31. At the request of any department, and with the approval of the mayor the board of street commissioners, in the name of the city, may take in fee for any municipal purpose any land within the limits of the city, not already appropriated to public use. The election commissioners shall complete such certification on or before five o'clock P.M. on the sixteenth ‡ day preceding the city election. The first collected edition of the statutes under which this Board acted was published in 1811, and contained also the regulations of the Board. The latter was abolished by the first City Charter, and from 1822 to 1873 its functions were exercised through the City Council. By Chap. 1, Ord. 1914, 2d Series, the department was placed in charge of one executive, the Health Commissioner, the latter to appoint the deputy commissioners. Chap. 1, Ord. 1915, provided that the quarantine service should pass from the control of the Health Department on the date when the property was leased to the United States.\*

The Trustees of the Public Library of the City of Boston, who are five in number, are appointed by the Mayor, one each year, for a term of five years. They were incorporated by an act of the General Court passed April 4, 1878, and were authorized to receive and hold real and personal estate which may be given, granted, bequeathed or devised to the said corporation, to an amount not exceeding \$1,000,000. The first Trustees were appointed under an ordinance of October 14, 1852. The old Library Building on Boylston street was opened to the public in September, 1858, and closed finally in January, 1895. The Central Library Building on Copley square was first opened on March 11, 1895. The Library is maintained by an annual appropriation voted out of the general funds of the City by the City Council. About \$30,275.00 of this appropriation was used in 1917 for the purchase of books and periodicals. The 37 Library trust funds in the custody of the City Treasurer amounted to \$541,728 on February 1, 1918, the annual interest on these being used for the purchase of books.

The annual reports, the first of which appeared in 1852, have been continued without interruption.

Of the Quarterly Bulletins begun in 1867, fourteen volumes have been published. The series closed in 1896.

A Quarterly Bulletin of a new series is now issued, and a weekly list of new books added to the Library. The Trustees have issued also general and special catalogues of the Central Library, and of its branches and special collections, as well as hand-books for readers, and other documents.

## LIBRARY SYSTEM.

The Library system consists of the Central Library in Copley square; fourteen branch libraries with independent collections of books; sixteen reading-room stations (minor branches), all of which contain deposits of books from the Central Library, reference books and periodicals. There were, on February 1, 1918, in the Central Library, branch libraries and reading-rooms, about 570 employees, including 249 who are employed in the evening and on Sunday, some of whom also work during the week; and including also a certain number who work only a few hours or days in each week.

Between the Central Library and these thirty stations, by library wagons, there is a daily exchange of books and cards, whereby persons living in outlying districts can draw books from the Central Library without the necessity of coming in person.

---

\* The Trustees serve without compensation.

The delivery or deposit of books is also undertaken in one hundred and seventy-nine public and parochial schools, thirty-nine institutions and sixty fire-company houses.

Cards allowing the use of four books for two weeks are issued to all residents of Boston with no further attendant delay than is involved in identification. No guaranty is asked except in case of a sojourner. Such cards are also issued to non-resident pupils attending Boston schools who furnish guaranties. For reading and reference the Library is open to all without formality. Special cards for more extended privileges are issued to clergymen officiating in the City, and to teachers giving instruction in Boston institutions of learning; a special card is also issued in certain cases by the Trustees. On February 1, 1918, there were 101,891 card-holders having the right to draw books for home use. The total number of volumes was 1,157,326, and of different newspapers and periodicals currently received at the Central Library and branches about 2,200. Books issued in 1917, for home use and for use through schools and institutions, numbered 2,074,455. Of reference use, on account of the freedom with which books may be consulted, no adequate statistics are kept.

#### MARKET DEPARTMENT.

Office in Rotunda of Faneuil Hall Market.

[Rev. Ord. 1898, Chap. 1, § 4, tenth to twelfth; Chap. 25 and Chap. 47, §§ 60-65; Stat. 1895, Chap. 449, § 26.]

PATRICK J. MCGOURTHY, *Superintendent of Markets*. Salary, \$3,000. Term ends in 1922.

Faneuil Hall Market, proposed in Mayor Quincy's message of July 31, 1823, and completed in 1826, was under the charge of a Clerk of the Market until an ordinance of September 9, 1852, established the office of Superintendent. According to the Revised Ordinances of 1898, Chap. 1, § 4, tenth, Faneuil Hall Market includes the lower floor, porches and cellar of the buildings called respectively Faneuil Hall and Quincy Market. The Superintendent has charge and control of these two buildings. He may assign stands within their limits; and it is his duty, from time to time, to lease the stalls in the market for five years at rents not less than those established by the City Council. The market police are appointed by the Police Commissioner and under his control.

As a municipal enterprise the Quincy Market has been steadily profitable, yielding a total net income in rentals, etc., of about \$4,500,000 in the past 70 years. Faneuil Hall Market yields \$15,000 to \$16,000 net yearly income, or about one-sixth that of Quincy Market. For a historical and financial article on "Public Markets in Boston" see BULLETIN of Statistics Department for June, 1912.

The Overseers of the Poor in the Town of Boston, a corporation established in 1772 by act of the Legislature, were succeeded in 1864 by the corporation called "Overseers of the Poor in the City of Boston," consisting of twelve residents of Boston, four of whom are appointed annually to serve for the term of three years from the first day of May. The Board has issued annual reports since 1865.

The Overseers of the Poor are also incorporated as a Board of Trustees of John Boylston's and other charitable funds, left for the assistance of persons of good character and advanced age, "who have been reduced by misfortune to indigence and want."

In charge of the Overseers are the Wayfarers' Lodge on Hawkins street, opened in 1878, which gives free lodging to homeless men who are out of employment, but exacts work in its woodyard for meals furnished; and the Temporary Home on Chardon street for destitute women and children, opened in 1870. In the year ending January 31, 1918, the number of cases of aid given was 36,856, including 4,075 families aided in their own homes by money, provisions, etc., of which 1,420 were in the class provided for by Chapter 763, Acts of 1913, *i. e.*, mothers with dependent children under fourteen years of age. Payments to this class amounted to \$403,033, about 40 per cent of which was reimbursed by the State and by other cities for their proportional part. The total amount of the seventeen permanent charity funds in the custody of the Overseers on February 1, 1918, was \$893,398.

This act was accepted by a vote of the citizens on June 9, 1875; yeas, 3,706, nays, 2,311. The first Board of Park Commissioners was appointed on July 8, 1875, and confirmed on July 15, 1875. The Board consisted of three members who served without compensation. As thus constituted, the department continued up to 1913, when, by the provisions of Chapter 10, Ordinances of 1912, which went into effect in March, 1913, it was merged with the Public Grounds, Bath and Music Departments, under the name of Park and Recreation Department. Since the City's park development began, in 1877, the total expenditure, to the close of 1917, for parks, parkways and playgrounds (exclusive of the annual maintenance appropriation) is \$22,065,556, or \$9,621,111 for the land and \$12,444,445 for construction.

The Arnold Arboretum (the "tree museum" of Harvard University), containing originally 122.6 acres, was added with other lands, in 1882, to the City's park system, under a special contract with Harvard University, and in 1895 another tract of 75 acres (Peters' Hill), also belonging to the University, was included, the name Bussey Park being added to

the title. All the land in these tracts not required for driveways and walks, a quarry reservation and traffic road is used, under the trusts created by the wills of Benjamin Bussey and James Arnold, for Harvard's extensive collection of specimens of such trees and shrubs as will live in this climate. The City maintains the roads and walks, also attends to policing the grounds. The Arboretum is open to visitors daily from 7 A. M. until sunset.

The new Franklin Park Zoological Garden on the northern side of the park, begun in 1911, now occupies about eighty acres. Up to February 1, 1918, the amount expended for construction, etc., was \$329,485. In the summer of 1912, the group of bear dens, the aquatic flying cage, etc., were finished and put on exhibition, in 1913 the bird house with other attractions, and in 1914 the elephant house, were added. The "Greeting" or main entrance and concourse leading from Blue Hill avenue, with massive stone gateway, ornamental fence, etc., is nearing completion. The new Marine Park Aquarium, costing \$144,530 for construction, etc., was opened to the public on November 28, 1912. The entire outlay for both was appropriated from the George F. Parkman Fund income.

#### GEORGE F. PARKMAN FUND.

By the will of the late George F. Parkman, various real estate properties worth between \$5,000,000 and \$6,000,000 were left to the City, the income therefrom to be expended for the maintenance and improvement of the Common and such parks as were in existence January 12, 1887, and no part of it to be used for the purchase of additional land for park purposes. The bequest was accepted by the City Council, March 9, 1909, since which date most of the realty has been sold and the proceeds invested in municipal and other bonds. On February 1, 1918, the principal of the fund in the custody of the City Treasurer amounted to \$5,206,260. In the fiscal year, 1917-18, the income from the fund was \$197,379, *i. e.*, nearly four per cent.

## HIGH PRESSURE FIRE SERVICE.

By the provisions of Chapter 312, Acts of 1911, the Commissioner of Public Works was authorized to install an efficient system of high pressure fire service for the City, appropriations therefor, amounting to \$1,000,000, to be voted by the City Council in sums of not less than \$150,000 each year for six years. Up to February 1, 1918, the total of loans issued for this purpose was \$860,000 and the total expenditure \$721,952. The work completed to 1918, including the old salt-water fireboat line, makes 8.03 miles of pipe with 209 hydrants ready for use and supplied by domestic high service at Tremont street, near West, from a 16-inch gated connection.

## SEWER AND SANITARY DIVISION.

Main Office, 510 City Hall Annex.

EDWARD F. MURPHY, *Division Engineer*. Salary, \$5,000.

THOMAS F. BOWES, *Engineer in charge of Sewer Service*. Salary, \$3,500.

EDGAR S. DORR, *Office Engineer, Sewer Service*. Salary, \$2,500.

WILLIAM P. WILLARD, *Engineer of Special Work, Sewer Service*. Salary, \$2,500.

JOSEPH J. NORTON, *Supervisor of Sanitary, Street Cleaning and Oiling Service*. Salary, \$3,500.

The Commissioner of Public Works who took charge of the department in April, 1918, merged the Sewer Service, Sanitary Service and Street Cleaning and Oiling Service, designating these three former branches of the Highway Division as the Sewer and Sanitary Division.

The Division Engineer of this division has charge of the preparation of plans for and the construction of new sewers, the repairing and cleaning of existing sewers and catch-basins, the granting of permits for sewer con-

nections, and the investigation of complaints as to defective drainage; of the cleaning and oiling of streets, also the removal of house offal and refuse in the various districts of the city.

The total length of common and intercepting sewers on February 1, 1918, was 955.27 miles, 14.36 miles having been constructed in 1917, and the gross City debt for all sewer construction up to said date was \$21,005,580.

Assessments upon the estates benefited by new sewers are not levied by the Public Works Department but by the Board of Street Commissioners (see Street Laying-Out Department), who also award damages to real estate owners having approved claims for such. The assessment upon an estate for a new sewer is limited to \$4.00 per linear foot and it is a lien upon the property until paid, the law allowing payment in annual instalments of 10 per cent of total assessment with interest.

In 1889 the State Board of Health informed the Legislature as to the urgent necessity of having two main systems of sewage disposal for the cities and towns of the Metropolitan District, one for those north of the Charles River, the other for those south.

By chapter 439 of the Acts of that year, the plans of the said Board were adopted and, under State control and financing, the Metropolitan Sewerage Commission of three members undertook the construction of the North Metropolitan and South Metropolitan systems of trunk and intercepting sewers, the former to discharge into the sea at Deer Island and the latter at Moon Island. The City of Boston had already constructed, at a cost of \$4,250,000, pumping works and a trunk sewer from Huntington avenue and Gainsborough street to Moon Island, hence the South system was completed by building from Huntington avenue through Brighton and Newton to Waltham,  $8\frac{1}{4}$  miles and the whole was put into operation in the spring of 1892, the State paying the City for pumping and discharging the sewage received from the territory west of Huntington avenue. The North Metropolitan system, with four pumping-plants and 41 miles of sewers, varying from a 9-foot brick sewer in East Boston to a 10-inch vitrified pipe at opposite ends, went into operation in 1896, costing \$5,116,696. A third system, the Neponset Valley, with a total length of 11.3 miles, was completed in 1898. It is an intercepting sewer, receiving the sewage from the local sewers of Hyde Park and parts of West Roxbury and Dorchester, also Milton and Dedham. In 1906 the High-level sewer was completed and into its 17 miles of tunnel extending from Parker Hill, Roxbury, through Jamaica Plain, West Roxbury, Hyde Park and Quincy to outlets off Nut Island, nearly all the sewage of the South District was diverted. Later, this sewer was extended to Brighton and Brookline. On January 1, 1917, there were 63.9 miles of Metropolitan sewer in the North District, of which 10.4 miles were in Boston, and 47.6 miles in the South District, 23.9 miles being in Boston. Tributary to the two Metropolitan systems there were 1,403 miles of local sewers in the 27 cities and towns belonging.

In the eleven Sanitary Districts of the City the refuse collected in the year 1916 amounted to 405,132 tons (of 2,000 lbs.), of which 324,313 tons

were ashes, 70,075 tons garbage and 10,744 tons waste and rubbish (mostly paper). Contractors collected 149,520 tons and City employees, aided by hired teaming, collected 255,612 tons.

#### REMOVAL OF STORE REFUSE.

As provided by Chapters 1 and 10 of the Ordinances of 1911, the removal of refuse from shops, stores and warehouses, involving much extra labor, is attended to by the Sanitary Service and charged for at seven cents a barrel or bundle (not larger than a flour barrel). No removals are made except on delivery of tickets obtainable at 504 City Hall Annex, or at the office of the Superintendent of Markets, Faneuil Hall Market.

#### WATER DIVISION.

Main Office, 706 City Hall Annex.

FRANK A. MCINNIS, *Division Engineer*. Salary, \$5,000.

CHRISTOPHER J. CARVEN, *Engineer in Charge*. Salary, \$3,500.

ROBERT W. WILSON, *Superintendent, Income Branch*. Salary, \$3,000.

GEORGE H. FINNERAN, *General Foreman*. Salary, \$2,800.

In April, 1918, by order of the incoming Public Works Commissioner, that branch of the Highway Division called the Water Service was separated therefrom and became the Water Division.

Under the control of the Division Engineer of this division are the care and maintenance of all pipes and other fixtures and appliances held by the City for the purposes of its water supply, including the laying and relaying of pipes, the installation and testing of meters and the placing of public drinking fountains, also the assessing of water rates and issuing of the bills therefor.

The total length of supply and distributing water mains on February 1, 1918, was 870.62 miles; number of water meters in use, 62,631 (on January 1), or 2,132 more than in 1917 at same date, making the service about 60 per cent metered; number of public fire hydrants, 9,619; number of public drinking fountains, 155, of which 87 are fitted with hygienic bubble fixtures and 68 are for animals only.

The first water document published by the City of Boston appeared in 1825. The public introduction of water from Lake Cochituate took place on October 25, 1848. The history of the Boston Water Works up to January 1, 1868, has been written by Nathaniel J. Bradley; from 1868 to 1876, by Desmond FitzGerald; of the "Additional Supply from Sudbury River," by A. Fteley. In addition to the annual reports on the Cochituate supply, from 1850, and of the Mystic supply, from 1866, there are numerous special reports. By chapter 449, Acts of 1895, the Boston Water Board, the Water Income Department and the Water Registrar were abolished and the Water Department created, a single commissioner being entrusted with all the powers previously exercised by the Boston Water Board and the Boston Water Registrar.

By Chapter 488, Acts of 1895, the State provided for a metropolitan water supply, Boston being included among the municipalities thus to be

supplied. A State commission, the Metropolitan Water Board, in accordance with said act, took possession, in 1898, of all that part of the Boston water system lying westward of Chestnut Hill Reservoir, also the pumping station there, with adjacent lands. The sum paid to the City was \$12,531,000. Payments to the State by the City for its supply of water have been regularly made since 1898. Total quantity of water in the ten storage reservoirs of the Metropolitan system on January 1, 1917, 68,685,-300,000 gallons, of which 80 per cent was in the Wachusett Reservoir in Clinton, 32 miles west of Boston, an artificial lake 4,135 acres in surface area and added to the system in 1905. There are also twelve distribution reservoirs with capacity of 2,399,230,000 gallons, five pumping-stations being connected with these. In the existing Metropolitan Water District are nine cities, besides Boston, and nine towns. Boston took 75.6 per cent of the entire water supply of the District in 1916.

The total number of water services in use in Boston on January 1, 1917, was, 104,615, and the daily average amount of water used in 1917 was 82,100,000 gallons, or 106 gallons per capita. This daily average is 1,742,000 gallons more than that reported for 1916.

The Board has power to lay out, relocate, alter or discontinue highways in the City, and to order specific repairs thereon, also to order, with the approval of the Mayor, the construction of sewers and to take for the City any lands, water courses and ways deemed necessary for such construction. It levies the betterment assessments on estates benefited by the construction of new sewers and new or improved highways

(see Chapter 536, Acts of 1913), also awards damages for takings of land, and grants to landowners permission to open private streets. In 1895 the duties of the Board of Survey were transferred to the Street Commissioners; in 1907 they were charged with the licensing of street stands for the sale of merchandise, in 1908 with the regulation of street traffic, and in 1913 with the authority to grant or withhold permits for the erection of automobile garages.

As authorized by Chapter 680, Acts of 1913, the Street Commissioners issued on April 9, 1914, their "Rules and Regulations Relating to Projections on or over Public Highways." These rules were amended in 1915, as authorized by Chapter 176, General Acts of that year, the changes taking effect July 20. The penalty for disregard of said rules is a fine not exceeding five dollars for each day of negligence after five days' notice.

JAMES E. COLE, *Commissioner of Wires and Chief Electrician*. Term ends in 1920. Salary, \$5,000.

WALTER J. BURKE, *Chief Inspector, Interior Division*. Salary, \$2,300.

PETER F. DOLAN, *Chief Inspector, Exterior Division*. Salary, \$2,200.

FRANK H. RICE, *Chief Clerk*. Salary, \$1,800.

The office of Commissioner of Wires was established in 1894, in accordance with Chapter 454 of the Acts of that year.

The department has issued annual reports, beginning February 1, 1895.

Under the statute of 1894, it was made the duty of the Commissioner of Wires to have all unexempted electric wires, cables and conductors in the City north of Dover and Berkeley streets, and between the Charles river, the Harbor and Fort Point channel placed underground, and to remove all unexempted poles and structures in the streets within the said district before January 1, 1900.

He was authorized to supervise and inspect both underground and overhead wires, cables and conductors; to regulate the direction of such wires, cables and conductors, and see that they were sufficiently insulated; to secure the removal of dead or abandoned wires, and the protection of all buildings by proper safety devices; to inspect all wires carrying electric light, heating or power current within buildings, and to see that all wires, posts, machinery and appliances are kept in good order and condition.

Chapter 249 of the Acts of 1898 provided that in each of the years 1900-1909, inclusive, the Commissioner of Wires should prescribe the limits of a district within which, for not more than two miles of streets, avenues, or highways, certain wires, cables and conductors were to be removed or placed underground during the calendar year.

By Chapter 347 of the Acts of 1908, the Commissioner was required to extend the same improvements to other streets, *i. e.*, two miles each year to 1919, inclusive. Under Section 2 of the same Act, the Commissioner was authorized to grant such terminal pole locations as were in his judgment necessary, and under Section 3 he was authorized to make such rules and regulations relating to the insulation of overhead and underground wires, cables and conductors and appliances as were reasonably necessary for the purposes of safety. The Commissioner is sole judge of what constitutes proper and safe insulation of electric conductors and appliances within buildings.

According to Chapter 339, Acts of 1908, any person, firm or corporation failing to notify the Commissioner of the installing of wiring or apparatus for electric light, heat or power purposes shall be subject to a fine of not less than ten nor more than fifty dollars for each offence.

Section 1 of Chapter 347, Acts of 1908, was repealed in 1911, as provided by Chapter 364, and the Commissioner was therein required to prescribe not more than three miles (instead of two miles, as hitherto) of streets in 1912 and each year thereafter to 1916, inclusive, within which all wires, etc., were to be removed (with the poles or other structures supporting them) and placed underground.

By Chapter 196, Acts of 1916, the powers conferred and the duties imposed upon the Commissioner of Wires by legislation in 1911 and years prior thereto were extended from 1917 to 1921, inclusive.

It consists of five commissioners appointed by the Governor and confirmed by the Executive Council, the term of each being five years. The chairman of the Commission is named by the Governor. The members of the Commission, other than the chairman, serve without pay.

It is the duty of the Commission to investigate, at its discretion, all matters relating to appropriations, loans, expenditures, accounts and methods of administration affecting the City of Boston or the County of Suffolk, or any of their departments, and to report upon its investigations from time to time to the Mayor, the City Council, the Governor, or the General Court.

The Commission is required to make an annual report, in January, to the General Court. It is also the duty of the Commission to report to the Mayor, the City Auditor or the City Treasurer as to the validity or proper amount of any doubtful pay-roll, bill or claim referred to it by them.

The Commission has all the powers and duties conferred by Chapter 562, Acts of 1908, upon the former Finance Commission, including the power to summon witnesses and secure papers. The term of the former Finance Commission, which expired by limitation on December 31, 1908, was extended till February 1, 1909. The permanent Commission qualified on June 24, 1909.

## BOSTON TRANSIT COMMISSION.\*

[Stat. 1894, Chap. 548; Stat. 1899, Chap. 375; Stat. 1902, Chap. 534; Stat. 1906, Chap. 213; Stat. 1909, Chap. 455; Stat. 1911, Chaps. 623 and 741; Stat. 1913, Chaps. 667, 775; Spec. Stat. 1915, Chaps. 87, 130, 376; Spec. Stat. 1916, Chap. 342; Spec. Stat. 1917, Chaps. 335 and 368.]

The five Commissioners (two appointed by the Governor and three by the Mayor) were originally appointed for the term of five years from the first of July, 1894. By Stat. 1899, Chap. 375, the term was extended to July 1, 1902. By Stat. 1902, Chap. 534, accepted by the voters of Boston at the Municipal Election of 1902, the term of the Commission was further extended to July 1, 1906. By Stat. 1906, Chap. 213, the term of the

\* This commission's existence terminated July 1, 1918, as ordered by Chapter 368, Special Acts of 1917. The following brief review of its work is retained in the MUNICIPAL REGISTER because of the historical importance of Rapid Transit development.

Commission was further extended to July 1, 1909; by Stat. 1909, Chap. 455, to July 1, 1911; by Stat. 1911, Chap. 623, to July 1, 1914; by Stat. 1914, Chap. 644, to July 1, 1917, and by Stat. 1917, Chap. 368 (Special), to July 1, 1918.

The Commission had charge of the construction of the Tremont street subway, opened September 1, 1897 (costing \$4,416,000 including alterations), of the Charlestown bridge (costing \$1,570,198), of the tunnel to East Boston, opened December 30, 1904 (costing \$3,309,000), and the Washington street tunnel. This two-track tunnel, which is used for elevated railway trains exclusively, was opened for traffic on November 30, 1908. It is 1.16 miles long and cost \$8,496,700, of which the land damages amounted to \$2,850,000.

The Commission began constructing in September, 1909, under the provisions of Chapter 520, Acts of 1906, a tunnel under Beacon Hill from the new Cambridge bridge to the Park street station of the Tremont street subway, as a connection with the Cambridge Main street subway built by the Boston Elevated Railway. This two-track subway for train service, called Cambridge Connection (length 2,486 feet), and costing \$1,465,000 was opened for traffic March 23, 1912.

By Chapter 741, Acts of 1911, the Commission was further charged with the construction of the East Boston Tunnel Extension (about 2,300 feet in length), to connect Court street and Scollay square with Bowdoin square and Cambridge street. This two-track subway for surface cars was opened for traffic on March 18, 1916, its cost being \$2,450,000. The same legislation provided for the Boylston street subway (about 1.9 miles in length, substituted for the Riverbank subway), and the Dorchester tunnel for train service (length about 2.27 miles), to connect with the Cambridge route at Park street station and extend under Winter and Summer streets to South Station, thence to Andrew square, Dorchester. The Boylston street subway (for surface cars only), extending from Tremont street subway near Park square to Commonwealth avenue near Kenmore street, was opened for traffic October 3, 1914, and the total expenditure therefor, to February 1, 1917, was \$4,995,000. That part of the Dorchester tunnel between Park street station and South Station was opened to public use on December 4, 1916; as far as Broadway, South Boston, on December 15, 1917, and to Andrew Square terminal on June 29, 1918. The loans issued for Dorchester tunnel construction up to February 1, 1918, amounted to \$10,150,000. Total approximate cost of subways and tunnels, \$35,300,000, all payable ultimately from revenue.

By Chapters 395 and 451 of the Acts of 1897, the control of the institutions was divided; the Penal Institutions Commissioner to have the care of the Penal Institutions Department and separate Boards of Trustees being appointed for the Children's Institutions, the Pauper Institutions and the Insane Hospital. In 1908 the name of the Pauper Institutions Department was changed to the Infirmary Department, and the State took over the Insane Hospital.

The Penal Institutions Department is under the control of a single commissioner, who has charge of the House of Correction at Deer Island. He purchases all supplies required for that institution, and has charge of the steamer "Monitor," which is used to transport passengers and freight to Deer, Long and Rainsford Islands. The total number of prisoners confined in the House of Correction in 1917 was 5,390, or 4,900 males and 490 females. The said total was 2,128 less than in 1916.

FRANKLIN UNION, corner Appleton and Berkeley streets.

WALTER B. RUSSELL, *Director*.

The Franklin Foundation is incorporated under Chapter 569 of the Acts of 1908, and has sole charge of the Franklin Union, as well as the management of the Franklin Fund.

The Franklin Fund is the proceeds of a bequest of one thousand pounds to "the Inhabitants of the Town of Boston in Massachusetts" made by Benjamin Franklin, in a codicil to his will dated June 23, 1789. The

codicil provided that the fund "if accepted by the inhabitants of the Town of Boston" be managed "under the direction of the Selectmen, united with the Minister of the oldest Episcopalian, Congregational, and Presbyterian Churches in that Town," who were to make loans on certain conditions to "young married artificers under the age of twenty-five years."

Dr. Franklin, who died April 17, 1790, calculated that, in one hundred years, the thousand pounds would grow to £131,000, "of which," he says, "I would have the managers then lay out at their discretion £100,000 in Public Works which may be judged of most general utility to the Inhabitants. The remaining £31,000, I would have continued to be let out on interest for another hundred years. At the end of this second term, if no unfortunate accident has prevented the operation, the sum will be £4,061,000, of which I leave £1,061,000 to the Town of Boston, and £3,000,000 to the disposition of the Government of the State, not presuming to carry my views farther." The Town accepted the donation at a Town Meeting held June 1, 1790.

A futile suit brought by the Franklin heirs in 1891 prevented the division of the fund at the expiration of one hundred years; but on January 17, 1894, by direction of the three ministers and the Board of Aldermen of the City, which board claimed to be the successors of the "Selectmen," \$329,300.48 (¼ of the fund) was paid to the City Treasurer, for "the purchase of land and the erection thereon of the Franklin Trades School and for the equipment of the same." Owing to a series of complications the money remained in the custody of the Treasurer. Mayor Collins, in 1902, caused a petition of the City to be filed in the Supreme Court, praying for instructions as to the authority of the persons then acting as Managers of the fund. The Court rendered an opinion November 25, 1903 (184 Mass. 373, page 43), to the effect that the three ministers were Managers of the fund under Franklin's will, but that the Aldermen did not succeed the "Selectmen" as Managers and had no powers with reference to it. The Court, under its general power to care for public charitable funds, appointed, on March 16, 1904, a Board of Managers to take the place of the "Selectmen," and provided in the decree of the Court that the Mayor of Boston should be one, *ex officio*. On October 20, 1904, the City Treasurer, *ex officio*, was appointed by the Board of Managers as treasurer of the fund.

On December 2, 1905, the City Treasurer received from Mr. Andrew Carnegie \$408,396.48, said sum being equal to the amount of the Franklin Fund in August, 1904, which Mr. Carnegie agreed to duplicate. Only the annual income from this fund is used.

On January 31, 1907, the amount of the "accumulated" fund available for expenditure by the Managers was \$438,741.89, and in that year the Franklin Union Building was erected at the corner of Appleton and Berkeley streets. It was opened for the use of the Franklin Trades School, or Franklin Union as it is now called, in September, 1908. This is maintained partly by the nominal registration fees, by rentals, and by the

income (about \$22,500 yearly) from the above mentioned Franklin Fund (*i. e.*, the Andrew Carnegie Donation), which amounted to \$460,478 on January 31, 1918. The building contains 24 classrooms and 6 draughting rooms, where about 1,600 students receive instruction, the fees ranging from \$4 to \$15, according to length of course. There is also a technical and scientific library, and a large hall with a seating capacity of 1,000 for lectures, concerts, discussions and similar purposes. The building with equipment cost \$402,718. The site was purchased in 1906 for \$100,000.

The Franklin Accumulating Fund, which will become available in 1991, amounted, on January 31, 1918, to \$267,805.

The Board of Police for the City of Boston was established by Chapter 323 of the Acts of 1885, and was composed of three citizens of Boston, appointed for five years from the two principal political parties by the Governor, with the advice and consent of the Executive Council. The Board assumed office on July 23, 1885. By Chapter 291 of the Acts of 1906, the department was placed in charge of a single head, to be known as the Police Commissioner.

The powers of the Board of Police, except those relating to the granting of intelligence office, billiard and pool, skating rink, picnic grove, bowling alley, common victualers' and liquor licenses, which were transferred to the newly created Licensing Board, devolve upon the Police Commissioner. The present Police Commissioner assumed office June 4, 1906, for a term of five years, was reappointed in 1911, and again in 1916.

The City is divided into nineteen Police Districts, in each of which is a station-house, the headquarters of a captain and force of men. The Commissioner appoints a Harbor Master and assistants from the police force, and they receive pay in accordance with their rank in the force. The police steamer "Guardian" and the gasolene boats "Ferret," "Watchman" and "Alert" are employed in this service.

By Chapter 91, General Acts of 1915, the duties devolving upon the Police Commissioner as to the annual listing of resident men, 20 years of age or over, and verifying the names of women voters, were transferred to the Board of Assessors. This did not prove to be satisfactory, and in 1917, by Chapter 29, General Acts, the Police Commissioner was again entrusted with this annual listing.

On December 1, 1917, the police force numbered 1,669 men, including 26 captains, 25 inspectors, 40 lieutenants, 107 sergeants, 1,331 patrolmen and 136 reservemen. There were 19 men in the signal service, whose director has charge of 504 signal boxes. In the calendar year 1917 the number of persons arrested was 107,980, of which 67.48 per cent were for

drunkenness and 43.79 per cent were not residents of Boston. Foreign-born persons arrested, 45,214; women and girls, 9,400; boys under 15 years of age, 2,298. In year ending November 30, 1917, persons imprisoned, 8,005; persons fined, 14,145, the fines amounting to \$124,252; stolen property recovered, \$462,241; licenses granted, 21,836 (including 8,787 for dogs and 9,089 for vehicles and drivers), for which \$41,700 was received; prosecutions for violation of automobile laws, 6,240.

Salaries: Captains, \$3,000 per annum; inspectors and lieutenants, \$2,000 per annum; sergeants, \$1,750 per annum; patrolmen, first year's service, \$1,000; second year's, \$1,100; third year's, \$1,200; fourth year's, \$1,300; fifth and successive year's, \$1,400; reservemen, \$900.

## PHYSICAL TRAINING.

By Chapter 295, Acts of 1907, the School Committee were authorized to organize and conduct physical training and exercises, athletics, sports and games and to provide therefor proper apparatus and facilities in the buildings, yards and playgrounds under their control, also to make similar use of all such facilities in charge of the Park and Recreation Commissioners as the latter, with the Mayor's approval, might deem suitable.

The sum available for this branch of education is four cents on each \$1,000 of the City's assessed valuation, which in the year 1917-18 was \$62,732. Besides this, a special appropriation of \$29,524 was provided for playground activities.

#### SUMMER REVIEW SCHOOLS.

These supplementary schools, one high and ten elementary, for pupils who have been retarded in their studies, were started on June 22, 1914.

The term is forty days, morning sessions only, and the registration of pupils in 1917 was 5,002, or 4,705 in the elementary schools and 297 in the high school. Of the elementary school pupils 71.16 per cent won promotion in 1917.

#### USE OF SCHOOL PROPERTY FOR SOCIAL AND CIVIC PURPOSES.

By the provisions of Chapter 195, Acts of 1912, the School Committee may allow the school property under their control to be used by associations and individuals for social, recreative and civic purposes such as may be of benefit to the community, with the understanding that such use shall nowise interfere with the regular school work. The School Committee may annually appropriate for this purpose a sum equal to two cents on each \$1,000 of the City's assessed valuation, which in the year 1917-18 amounted to \$35,537. This plan was started by establishing four Evening Centers, each having a manager, in four high schoolhouses, viz.: Charlestown, East Boston, Roxbury and South Boston, beginning in October, 1912, and continuing five months. Three more have since been opened, viz., the North End, in Hancock schoolhouse; West End, in Wells schoolhouse, and the Dorchester Center in the high schoolhouse there. A variety of study clubs, lectures, concerts and other entertainments are included in these activities, which engage the services of 86 paid leaders and other workers, also many volunteer assistants. The centers remain in session from the third Friday in October to June 30, on three evenings a week with some variation as to days. Their membership is limited to persons over 14 years of age who are not pupils in the regular day schools. Widening interest in the centers has extended their activities to one or more afternoons each week. Persons attending the various meetings and entertainments in nine months ending June 30, 1917, numbered 301,257. The appeal of the School Center that "every plus talent of a community be used through it" for mutual benefit is meeting with response. The basements of 121 schoolhouses are used by the Election Department as polling places.

#### PENSION AND RETIREMENT FUNDS FOR TEACHERS.

As provided by Chapter 589, Acts of 1908, amended by Chapter 617, Acts of 1910, the School Committee, by a majority vote of all its members, may retire with a pension any member of the teaching or supervising staff of the public day schools who has reached the age of sixty-five years, also such other members as are incapacitated for further efficient service. If the teacher retired has been employed in the public day schools for a period of thirty years or more, ten years of which has been in Boston, the pension paid amounts to one-third of the annual salary received at time of retirement, but in no case is it less than \$312 nor more than \$600 annually. If the period of service is less than thirty years, the pension is proportionally less. The School Committee were authorized to provide for these pensions by appropriating annually an amount equal to five cents on each \$1,000 of the City's assessed valuation. This allowance was increased by Chap.

304, Special Acts of 1915, to seven cents on each \$1,000. The Permanent School Pension Fund amounted to \$288,900, February 1, 1918, and 313 retired teachers were receiving pensions therefrom.

The Boston Teachers' Retirement Fund Association, started in 1900, is paying \$120 per year to 284 annuitants, and the total amount of its fund on February 1, 1918, was \$532,860. At that date 2,884 teachers were each contributing \$18 per year to this fund.

## REGULATION OF THE HEIGHT OF BUILDINGS.

[Stat. 1904, Chap. 333; Stat. 1905, Chap. 383; Stat. 1907, Chap. 416; Stat. 1912, Chap. 582; Stat. 1914, Chap. 786; Stat. 1915, Chap. 333 (Special).]

By Stat. 1904, Chap. 333, the Legislature provided that the City of Boston should be divided into two districts, designated as Districts A and B, and that if not repugnant to some other statute, buildings could be erected in District A to a height of 125 feet, but that except as to certain projections above the roof, no buildings could be erected in District B to a height greater than 80 feet. A commission consisting of Nathan Matthews, Joseph A. Conry, and Henry Parkman was appointed by Mayor Collins, June 7, 1904, to determine the limits of these districts, and it made a preliminary order on July 5, 1904, which was revised December 3, 1904. Under Stat. 1905, Chap. 383, the Legislature made certain minor changes in the law, and also authorized the erection of buildings to a height not exceeding 100 feet in such parts of District B, and on such conditions, as a commission should determine. The same commission was reappointed under this act and made a preliminary order July 21, 1905, which was revised November 20, 1905. [See Document 133, 1905.]

The Commission's order, filed in the Registry of Deeds in 1904, was to continue in force until 1919, but in 1915 conditions called for an extension of District A boundaries and this was provided for by chapter 333, Special

Acts of 1915. A new commission was thereby constituted, consisting of the Chairman of the City Planning Board, the Fire Commissioner and the Building Commissioner, who filed their order in the Registry of Deeds on November 2, 1916, to remain in force for ten years, and superseding the order of 1904 as to the boundaries of Districts A and B. [See Document 114, 1916.]

DISTRICT A. The boundaries newly established begin at the intersection of Wauwatosa st. and Chelsea creek (Ward 1, East Boston), thence extend easterly through Wauwatosa and Boardman sts. to Saratoga st., thence southwesterly and westerly through Saratoga and Addison sts. to the B. & M. R.R., thence along said railroad to Saratoga st., thence through Saratoga st. to Neptune rd., Eagle sq., Eagle, Glendon and Condor sts. to Meridian st., thence southerly through Meridian, Gove, Orleans and Marginal sts. to Jeffries st. R.R., thence along said railroad to the northern boundary of Wood Island Park (Ward 1), thence easterly along same to the harbor line, thence along said line of Boston Harbor and Chelsea creek to the point of beginning. These are the East Boston boundaries of District A.

The boundaries in Charlestown begin at the Malden Bridge (Ward 3), thence extend southerly through Alford st. to Sullivan sq., thence southeasterly through Bunker Hill and Medford sts. to Chelsea st. (Ward 4), thence southerly through latter to Henley st., thence westerly through same, Harvard sq. and Harvard st. to Washington st., thence through latter and Rutherford ave. northwesterly to Sullivan sq. thence through Cambridge st. to the City line, thence along said line and the Charles river to Charlestown Bridge, thence along the harbor line and the Mystic river to the point of beginning.

In the City proper the boundaries begin at the intersection of the City line with the Charles river dam (Ward 5), thence extend along said dam and Leverett st. to Green st., thence through Green, Staniford and Cambridge sts. to Bowdoin st., thence southerly through same, Beacon, Park and Tremont sts. to Boylston st., thence through latter, Massachusetts ave. and the line of the N. Wherever a boundary line of District A is described as following a certain street, the same is intended to include all property on that side of the street which lies within the described area, and also that portion of all lots on the opposite side of the street, abutting on the street, but extending to a depth of not more than 150 feet.

DISTRICT B comprises all territory in the City outside the boundaries above described. In this district buildings may in general be erected to a height of not more than 80 feet, but on streets exceeding 64 feet in width the height may be equal to one and a quarter times the width of the widest street upon which the building stands, said height to be measured from the mean grade of the curbs of all streets upon which the building is situated and not to exceed in any event 100 feet above such point of measurement. On all streets or portions of streets upon which buildings may be erected on one side only, the buildings may be erected to a height of 100 feet. No building may be erected to a height greater than 80 feet unless its width on each and every public street upon which it stands be at least one-half its height. Certain special exceptions to the general regulations affecting District B have been made as follows:

No building can be erected to a height greater than 70 feet, measured on its principal front, in the territory bounded by Beacon, Joy, Myrtle and Hancock sts. and Hancock ave.

So long as the property owned by the City of Boston on Dalton, Belvidere and Scotia sts. shall be used for a Mechanic Arts High School any building or buildings thereon may be erected to a height of 100 feet.

No building can be erected on a parkway, boulevard or public way on which a building line has been established by the Board of Park Commissioners or by the Board of Street Commissioners acting under any general or special statute, to a greater height than that allowed by the order of said Boards.

No building upon any land, any owner of which has received and retained compensation in damages for any limitation of height, or who retains any claim for such damages, can be erected to a height greater than that fixed by the limitation for which such damages were received or claimed.

No limitation of the height of buildings applies to churches, steeples, towers, domes, cupolas, belfries or statuary not used for purposes of habitation, nor to chimneys, gas holders, coal or grain elevators, open balustrades, skylights, ventilators, flagstaves, railings, weather vanes, soil pipes, steam exhausts, signs, roof houses not exceeding 12 feet square

and 12 feet high, nor to other similar constructions such as are usually erected above the roof line of buildings, nor to sugar refineries in District A.

By Chapter 416, Acts of 1907, the width of Rutherford ave. in the Charlestown district, between Chapman st. and the Mystic River tracks of the B. & M. R.R. crossing the northerly part of said avenue, was considered as 80 feet in respect to the height of buildings that might be erected on the southwesterly and westerly side of said avenue, between the points mentioned, so as to permit the erection of buildings to the height of 100 feet, as provided for buildings erected on streets of the width aforesaid in District B.

By Chapter 582, Acts of 1912, the height of City Hall Annex was permitted to be 133 feet above the grade of Court street, *i. e.*, 8 feet in excess of the limit originally legalized for District A.

By Chapter 786, Acts of 1914, the parcel of land bounded by Washington st., Lovering place, Harrison ave. and Asylum st. was exempted from the laws relative to the height of buildings which might be erected thereon, except that the limit of 125 feet remained in force.

Certain parties being aggrieved by the order of November 2, 1916, and filing petitions for its revision, the Commission, after due consideration, revised the order on January 12, 1917, excluding from District A and including in District B a certain tract of land bounded by Boylston and Providence sts., St. James ave., Blagden st., etc., near Copley square. NEW BOUNDARIES  
OF THE  
TWENTY-SIX WARDS  
AND  
223 VOTING PRECINCTS.

## THE WARDS OF BOSTON.

Wards with definite boundaries by streets were first established in 1715. There were eight wards, three in the North End and five in the South End, from that year until 1735, when the number was increased to twelve. The ward lines then fixed remained substantially unchanged for seventy years until the division made by the Selectmen in 1805. In 1822, when the town became a city, there was a redivision on the basis of the U. S. Census of 1820, the number still remaining twelve. Subsequent changes of ward boundaries were made in 1833, 1850, 1865, 1875, 1895 and lastly, that which was enacted December 28, 1914. In 1865 nine wards were added to provide for the annexed districts, in 1875\* and 1876\* the number was increased to 25 and in 1912 another annexation, viz.: Hyde Park, brought the total to 26. In 1885 an attempt was made by the City Council to make a new division of wards, and an ordinance to that effect was prepared by a special committee appointed for the purpose, passed by the City Council and approved by the Mayor.<sup>1</sup> Certain questions were raised, however, in the General Court of 1886, relative to establishing State, senatorial and representative districts, and as to whether such districts should be established according to the territorial boundaries of cities and towns and their wards as they existed on the first day of May, 1885, or whether new ward lines, as in the case of the City of Boston, should be followed. On May 21, 1886, the opinion of the Justices of the Supreme Judicial Court was asked by the Legislature on this matter, and they decided that the district divisions referred to must be made according to territorial and other boundaries existing on the first day of May, 1885, and that the new ward divisions were illegal.<sup>2</sup> On account of this opinion of the Justices of the Supreme Judicial Court, an act was passed by the Legislature in June, 1886,<sup>3</sup> which provided that the several wards, precincts, and assessment districts of the several cities of the Commonwealth, existing May 1, 1885, should be established as the wards, precincts, and assessment districts of said cities, any acts or ordinances of the city councils of said cities to the contrary notwithstanding. The new division of wards was thus set aside and the ward lines established in 1875 remained in effect until they were changed in 1895 and established under the pro-

\* An ordinance providing for a new division of the City into wards passed Nov. 16, 1875. An ordinance to make Breed's Island, so called, part of Ward 1 passed Dec. 4, 1875. By Chap. 242 of the Acts of 1876 the City Council were directed to divide Ward Twenty-two into two wards, to be called Wards 22 and 25. The division was accordingly made by an ordinance passed May 27, 1876.

<sup>1</sup>An ordinance making a new division of the city into wards passed Dec. 23, 1885. [Doc. 174 of 1885.]

visions of Chapter 417 of the Acts of 1893. According to this act, a city may be redivided into wards in every tenth year after 1895, but this is not mandatory. In 1905 a new division of the City was attempted by the City Council, but neither of the plans submitted was adopted.

Acting under the authority of Chapter 630, Acts of 1914,\* the City Council redivided the territory of the City, establishing the boundaries of 26 wards as below.

STATISTICS

POPULATION AND AREA.

ENUMERATED POPULATION OF BOSTON,  
APRIL 1, 1915,  
**745,439.**

ESTIMATED POPULATION, JULY 1, 1918,  
**787,097.\***

---

According to the State Bureau of Statistics, which had charge of the State Census of 1915 (as of April 1), the population of Boston on that date was 745,439 (*i. e.*, 369,434 males and 376,005 females), an increase of 74,854, or 11.16 per cent. since April 15, 1910, when it was 670,585 (Federal census); and of 25.2 per cent. over that of May 1, 1905, *viz.*, 595,380, enumerated also by the State Census.

This State Census of 1915 was taken according to the new ward and precinct boundaries, as established in 1914 and 1915. The complete figures for the 223 voting precincts with ward totals and per cent of each ward to whole city are shown on the next page.

Comparison with the census figures of earlier years cannot be made except by geographical districts, which remain unchanged. The two tables showing the population by districts, with increase and per cent of increase every five years from 1850 to 1915 inclusive, appear on pages 252 and 253. On page 254 are shown, by wards, the native-born (by states) and the foreign-born; on page 255 the foreign-born with country of birth and on page 256 the ward figures by sex.

Since 1875 the only considerable amount of territory annexed to Boston is Hyde Park, whose population on April 15, 1910, was 15,507, and estimated to be, at date of annexation, January 1, 1912, 15,936.

Among American cities, Boston has ranked fifth in population since 1890. It is now a close rival of St. Louis for fourth in rank.

ANNEXATIONS.

\* These figures are made up to cover the geographical area originally belonging to each subdivision, which had not been done in previous censuses. If the same territory be assigned to each division in 1900 as in 1895, the figures for 1900 would be South Boston, 70,161; Dorchester, 64,648; West Roxbury, 42,407, and Roxbury, 110,732, instead of those given in the table. See Commonwealth of Massachusetts, Pub. Doc. No. 15, 1900 (Bureau of Statistics of Labor), page 63.

<sup>1</sup> Estimated.

<sup>2</sup> Included in South Boston after 1855.

The law went into effect in June, 1900. By Chapter 521, Acts of 1910, the limit of \$10.50 on each \$1,000 was raised to \$10.55, by Chapter 184, Special Acts of 1915 to \$10.57 and by Chapter 267, Special Acts of 1916 to \$11.02.

 Note.—Of the remaining gross Water Debt (all outside the Debt Limit) on February 1, 1918, viz., \$1,875,750, the amount of Sinking Fund Debt payable in 30 years from date of issue, and \$368,000 is Serial Debt (i. e., Hyde Park Water Debt) payable in annual instalments ending in 1940. The said remainder of Sinking Fund Debt, i. e., Cochituate debt, is wholly covered by the sinking funds applying thereto, as shown in the above table, leaving but \$368,000 of (serial) debt to be paid from revenue. † Includes Hyde Park Town Debt assumed by annexation, \$285,850.  
 Note.—The receipts from work undertaken under the acts authorizing loans for the "Laying-out and Construction of Highways," "Making of Highways," and for "Rapid Transit," are applied to the payment of interest on these loans respectively, and the balance, if any, paid to the Sinking Fund Commissioners. When such receipts are insufficient to meet these payments, the interest is met from receipts from sales of bonds. The amounts below stated have been paid for interest. Such payments (from extraordinary receipts) terminated with the fiscal year 1905-06, being thereafter included in the interest paid from the tax levy, with the exception of the Rapid Transit interest payments, for which see next page.

The foregoing interest payments are included in the Summary Table (debt of all kinds; see page 277), but omitted from the "City Debt" table, in order to show in the latter the "City Debt Requirements only," that is, the amount of interest, sinking fund and serial debt payments from the tax levy.  
 In the above table, the amounts shown under "Sinking Funds, end of Year" are strictly sinking funds and do not include "other means of debt redemption" such as unpaid betterment assessments, etc.

\* Decrease. \*\* Includes all additions to the Sinking Funds from taxes, Rapid Transit rentals, betterments and other revenue, but excludes interest, etc., received on the Sinking-fund investments and bank deposits.

† The yearly totals under "Sinking Funds" and "Gross Debt, less Sinking Funds," do not agree with those shown in the Auditor's table of the Gross Funded and Net Debt (see Auditor's Report), because the "other means of debt redemption," such as unpaid betterment assessments, are not included here.

‡ Includes \$120,000 in each of the two years 1907 and 1908 issued by Commonwealth, for Suffolk County Courthouse enlargement, in 1910, \$326,666.67 and in 1911, \$30,666.67 for the same purpose. Includes also, in 1911-12, the Water Debt (i. e., \$463,000) and Town Debt (i. e., \$285,950) of Hyde Park, assumed by annexation. NOTE.—The above Summary does not include Boston's share of the Metropolitan District debt (i. e., Contingent Debt of the State). See Index.

\* Ward 5 shows the highest per cent. who voted Yes, and Ward 15 the lowest.

NOTE.— On November 3, 1914, by a majority of 32,692, party enrolment was abolished. The change to 13,823 in favor of it goes to show that many voters misunderstood the meaning of the question in 1916.

NOTE.—Two City elections occurred in 1914 because of the change of date, by Chap. 730, Acts of 1914, from January back to December. The small vote at City election on January 13, 1914, was doubtless owing to the extreme severity of the weather.

NOTE.— In accordance with chapter 279, Acts of 1903, amended by chapter 291, Acts of 1906, all male residents 20 years of age or more have been listed by the police annually on May 1. This date was changed to April 1 by chapter 440, Acts of 1909. In Boston only was the voting list prepared from a police canvass in the years 1903 to 1915, inclusive. Elsewhere in the state the Assessors' list of polls has been the basis of the voting list, as it was in Boston in 1916, the change having been ordered by chapter 91, General Acts of 1915. In 1917, by chapter 29, General Acts, the listing was again entrusted to the Police.

## ADDITIONS AND CORRECTIONS.

### ASSESSED VALUATION AND TAX RATE, 1918.

Total assessed valuation as of April 1, 1918, \$1,498,216,298, or \$1,313,547,600 real estate and \$184,668,698 personal.

Total tax rate, \$21.20 per \$1,000 of valuation, or \$3.50 more than in 1917, divided thus: City tax, \$16.85 (\$4.48 of this for schools); County tax, \$1.36; State tax, \$2.99. Total tax warrant, \$35,317,030.33, or \$28,176,252.21 City tax; \$2,231,308.29 County tax and \$4,909,469.83 State tax and Metropolitan assessments; Poll tax, \$444,532, or \$2 each on 222,266 polls.

The real estate valuation shows a gain of \$8,926,800 over the 1917 total; the personalty a gain of \$22,123,355. The decrease in personalty valuation and tax since 1916 (as explained below) is offset by the State's distribution of the taxes collected on incomes from intangible property.

In the 10 years, 1906 to 1916, the assessed valuation increased 25 per cent, the population 26 per cent and the tax rate 12 per cent.

### NEW INCOME TAX (STATE) ON INTANGIBLE PROPERTY.

In accordance with Chap. 269, §§ 2 and 11, General Acts of 1916, intangible personal property (except bank stock) ceased to be subject to assessment and taxation in 1917 and thereafter. In place of that tax an income tax was established, amounting to 6 per cent per year on income derived from such intangibles, subject to various specified exemptions.

Owing to the exemption from tax of intangible personal property, the total valuation of personalty in Boston decreased from \$328,929,679 in 1916 to \$162,541,443 in 1917, a loss representing \$2,945,072 in taxes. By sec. 23 of said Chapter 269 it was provided that on or before Nov. 15 the State Treasurer should pay to each city or town an amount equal to the difference between the personal property levy in 1915 and that of 1917 computed at the 1915 tax rate. If the income taxes collected should exceed the amount required for such distribution, the excess was to be distributed in proportion to the State tax imposed on each city or town. The amount of income taxes payable to the City of Boston under said statute in 1918 is \$4,127,874, or \$423,019 more than in 1917.

### TAX LIMIT RAISED FOR YEAR 1918.

In response to the petition of the Mayor, the tax limit of \$6.52 on each \$1,000 of valuation for general City purposes was raised to \$9.52 by authority of Chap. 120, Special Acts of 1918, applying only

to the present financial year. Of this increase, \$2 was for additional costs and demands outside the control of the present administration and \$1 for the repair and reconstruction of streets long neglected. The additional amount thus made available for appropriations was \$4,632,977.

#### COMMITTEE ON PUBLIC SAFETY.

At the suggestion of the State Committee on Public Safety in March, 1917, the Mayor appointed a City committee of 50 prominent citizens to take charge of all local measures deemed necessary to safeguard life and property in Boston during the war. This committee met in the City Hall on March 26, when an executive committee of ten, also eight sub-committees were appointed. The general committee of 50 was increased to 250. Chairmen of the sub-committees were appointed as follows: Francis H. Peabody on Finance, P. F. O'Keefe on Coördination of Aid Societies, Daniel H. Coakley on Food Production and Conservation, ex-Gov. E. N. Foss on Publicity (resigned), District Attorney J. C. Pelletier on Protection of Property, Col. Charles Pfaff on Home Guards, John E. Gilman on Recruiting, P. H. Jennings on Trucks and Motor Cars, Dr. E. H. Bradford on Hygiene, Medicine and Sanitation, and Admiral F. T. Bowles on Promotion of Universal Military Training. The latter was appointed Chairman of the Executive Committee, resigning in August to assist the U. S. Emergency Fleet Corporation at Washington. His successor was Major O'Keefe, who resigned in September, when Victor A. Heath, the present chairman, was elected. Two appropriations of \$10,000 each were voted by the City Council in April and July to cover the general expenses of the Executive Committee. The total expended therefrom up to Feb. 1, 1918, was \$16,029. For the Sub-Committee on Food Production, Etc., \$50,000 was appropriated in April and May, of which \$49,029 was expended, the estimated returns to the City being \$13,181. Information as to results achieved is contained in the Report of the Executive Committee of the Boston Committee on Public Safety, 65 City Hall, dated Feb. 4, 1918, 46 pages.

## SPECIAL COMMITTEE ON STREET IMPROVEMENTS, 1918.

The legislative act (Chap. 120, Special), which permitted an increase in the tax limit for the current year, authorized the appropriation of a sum equal to one dollar on each \$1,000 of valuation for much-needed street improvements. The amount thus made available was \$1,541,597.

To aid in determining how much of this it was wise to appropriate and on what streets it should be spent, the Mayor appointed the special committee named below to investigate conditions and report its findings and recommendations.

HOWARD ROGERS, *Chairman*, representing the Mayor; JAMES J. STORROW, representing City Council; EDWARD F. McGRADY, representing Central Labor Union; FREDERIC H. FAY, representing Chamber of Commerce; FRANCIS R. BANGS, representing Boston Real Estate Exchange.

The First Corps Cadets was formed into a regiment of engineers, and the First Squadron Cavalry was changed to a machine-gun battalion. pension system therein set forth and applying to all municipal employees alike. The system has not become law in Boston because the City Council rejected it as impracticable. The classes of retired employees now receiving pensions are the police (since 1878), firemen (since 1880), school teachers (since 1908), judges, prison officers, Civil War veterans (since 1911) and laborers, skilled and unskilled. The largest class, *i. e.* the laborers, were provided for by Chapter 413, Acts of 1911, accepted by the City Council on October 26, 1911. Any laborer sixty years of age or over, who has served the City for twenty-five years and is physically incapacitated shall, at his request, be retired from service, receiving for the remainder of his life an annual pension equal to one-half of his pay for his final year's service. All retirements are subject to the approval of the Retirement Board, *viz.*, the Mayor, City Auditor and City Treasurer, who serve without compensation. Retirement is compulsory when any laborer reaches the age of seventy.

Chapter 367, Acts of 1913, specifies that the amount of the annual pension payable to such retired laborers, skilled laborers, mechanics, etc., is not to exceed \$360.

Chapter 765, Acts of 1914, provides that the Retirement Board, upon request of the Mayor and City Council, may retire any laborer employed by the City who, owing to injury, physical incompetency, old age or infirmity may be incapable of further performance of his work.

Veterans of the Civil War in City service, if incapacitated for active duty, are retired, with the consent of the Mayor, at one-half pay, provided they have been in the City's service for at least ten years. This is in accordance with Chapter 113, Acts of 1911, which went into effect March 8, 1911, the date of its approval.

As provided by Chapter 459, Acts of 1910, veterans of the Civil War in the service of any county if incapacitated for active duty, may be retired by the County Commissioners, with the consent of the Governor, on half pay, when they have been ten years in the county service, and have reached the age of sixty-five. When necessary for the good of the service a veteran may be retired before reaching that age.

On August 1, 1918, the total number of pensioners was 1,319 (52 more than in 1917), divided as follows: Laborers, 324; teachers, 306; firemen, 312; police, 231; veterans, 115; various others, 31. Of the laborers, 283 were from the Public Works Dept. and 31 from the Park and Recreation Dept.

The total of City and County pension payments in the fiscal year 1917-18 was \$632,544, *i. e.* \$27,864 more than in 1916-17, divided as follows: Fire Dept., \$172,066; Police Dept., \$155,721; Public Works Dept., \$144,106; Dept. of School Committee, \$112,349; Suffolk County, \$16,903; Park and Recreation Dept., \$15,039; other departments, \$16,360.
